The **Art** of Well-Being

Our Commitment to Helping Youth Thrive

The Art of Well-Being reflects Applewood's belief that healing and growth take many forms—through creativity, connection, movement, mindfulness and the unique journey of every individual. For youth in Applewood's Residential Treatment program, experiences such as music, culinary arts, recreation, yoga and creative expression provide opportunities to build confidence, resilience and a sense of possibility.

We hope you'll **join us for our annual Keeping the Promise** event as we share stories of how young people find hope and lasting well-being in our program. Proceeds from this event will ensure these transformative experiences remain available for countless children and teens in our community.
